

WANA Traffic and Road Safety Concerns — Have Your Say

Understanding local problems—and their impact—is important to WANA.

Following discussion at our AGM, Witherley and Atterton Neighbours Association (WANA) is collecting opinions on traffic, parking, and road safety in and around Witherley and Atterton.

Please complete the one-page survey overleaf (**about 5 minutes**). Your responses will help us identify the main concerns, their locations and timings, and provide evidence for discussions with the highway's authority and other relevant bodies.

Your input matters—every response helps build the evidence needed to advocate for change. **Please consider submitting a separate response from each adult in your household.**

If you need assistance with the survey or require an alternative format, please contact hello@wana.org.uk or call the WANA Secretary on 07970 271039.

Privacy (personal information): You may complete this survey without providing your name. If you choose to include contact details, they will be used solely to follow up on your responses, if necessary. Your contact details will be seen only by the WANA team managing the survey and will not be shared with the wider community or relevant authorities (e.g., the highways authority, the police, or the borough and county councils). We will share only an anonymised summary of key issues and locations with the community and relevant authorities; the summary will not identify individuals. Contact details will be deleted once any follow-up is complete.

How to return: Please return by **31 May 2026** – you can choose to:

Post through the letter box at one of the drop-off points in the villages:

3 Orchard Close
16 Hunters Walk
37 St. Peter's Ave
5 Church Road
2 Hunt Lane
Hall Farm House, Atterton
