

WANA

WITHERLEY & ATTERTON
NEIGHBOURS ASSOCIATION

Sustainability Policy

WANA aims to

- promote well-being by facilitating social interaction with a variety of community events
- increase environmental awareness among residents by encouraging deeper connections with nature and by taking community action
- engage with all residents and in particular young people

What is happening already

A programme of events including social gatherings and family exercise activities. Community actions such as litter picking and garage sales where people can exchange items they no longer use. We use our website and social media and produce a monthly newsletter to share the WANA story to enhance our community's unique sense of place and promote environmental responsibility. Development of a wildlife garden for the community with nature diary activities aimed in particular at younger children.

At WANA, we will

- take care of each other and support each other in upholding our policies to ensure everyone's safety.
- value every individual, and through our leadership and governance structure, provide a platform to voice opinions and contribute to our collective success.

- be mindful of our approach to materials and resources and reduce, reuse and recycle wherever possible.

We will regularly review progress in all areas towards our sustainability goals and make necessary adjustments to ensure we continue positively impacting the environment and the community.

Policy Review:

We are committed to reviewing our policy and good practice annually.
